INNOVATION ACCELERATED

AVSEC WORLD – INSIDER THREAT

RENEWED FOCUS

- Updated EU Regulation (Jan 24, 2019)
- EU Help2Protect initiative
- Upcoming study on insider security programs across all modes of transport

ENHANCED RULES

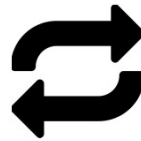

- **More robust background checks** (criminal, employment, intel)
- New mechanisms for **information sharing**
- **On-going review process** and frequently repeated background review
- Operators to include **policies on staff awareness and security culture** in security programs

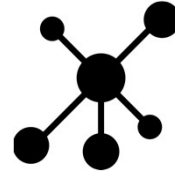

LESSONS LEARNED

Need executive level support
+ middle management buy-in

Cross-departmental
accountability & delivery
essential

Existing risk-assessment
process should be
integrated

KEY CHALLENGES

- Legal boundaries / data protection
- Managing contractors / third-party entities
- Cooperation with authorities
(communication channels & possible
corrective actions)
